Dear members of Mark Keppel FBLA,

When our officer team first came together to plan for the new school year, I was very worried about the prospects of this virtual year. Since we were in distance learning, we weren't able to recruit members during club rush, host in-person fundraisers, or meet for study sessions. However, through the relentless efforts of our members like you, we were able to rise above our circumstances and make this a memorable year for everyone.

Being in FBLA for the past 3 years, I can say that it has undoubtedly been a life-changing experience. In addition to competitions, I loved networking with other members and learning about the expansive business world. The officer team took it upon ourselves to provide these experiences for all of you virtually. We spearheaded virtual activities like Shark Tank, business tours, and socials. Most notably, we started our Chapter Webinar Series, where we invited business professionals in a variety of business professions to share how they paved their paths to success. We've had a total of 6 webinars thus far, and we are humbled by the outpouring of support at these webinars.

And even despite the pandemic and distance learning, our chapter had a record-breaking year at the Gold Coast Section Conference with a staggering 81 members placing Top 10 in their events and 63 qualifying for State. Keppel FBLA had strong performances in every event, propelling our chapter to a third consecutive Section Sweepstakes Championship title. I am beyond proud of everything our chapter has accomplished this year thus far, and I am so grateful to lead a chapter of such creative and tenacious individuals. Not only have you all proved to be competent business professionals, but you have demonstrated yourselves as selfless community leaders as well.

I am beyond impressed by the hard work and dedication that Keppel FBLA represents, and I am excited to see where the future will take us. We have tackled this pandemic head on and made it our best year yet. The National FBLA theme this year is "Aspire", and as the year slowly comes to an end, I urge every single one of you to continue to aspire to learn, grow, and lead. I am looking forward to seeing you all proudly represent Keppel FBLA at the 2021 State Leadership Conference in April.

Best Wishes,

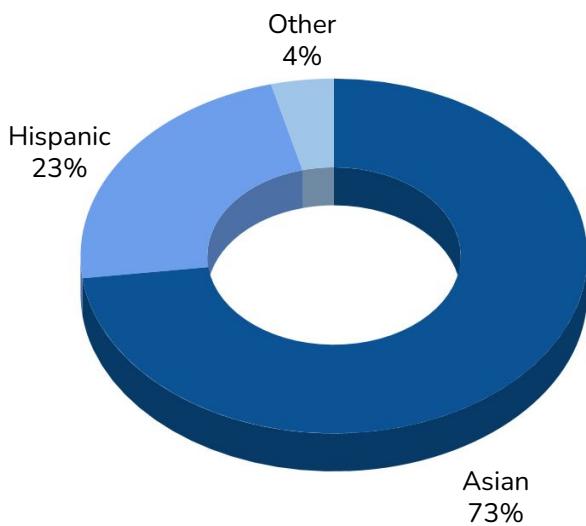

A handwritten signature in black ink, appearing to read "Emmy Khong".
